

It's your world.

Lydia Mead
Class 2021
Biology major

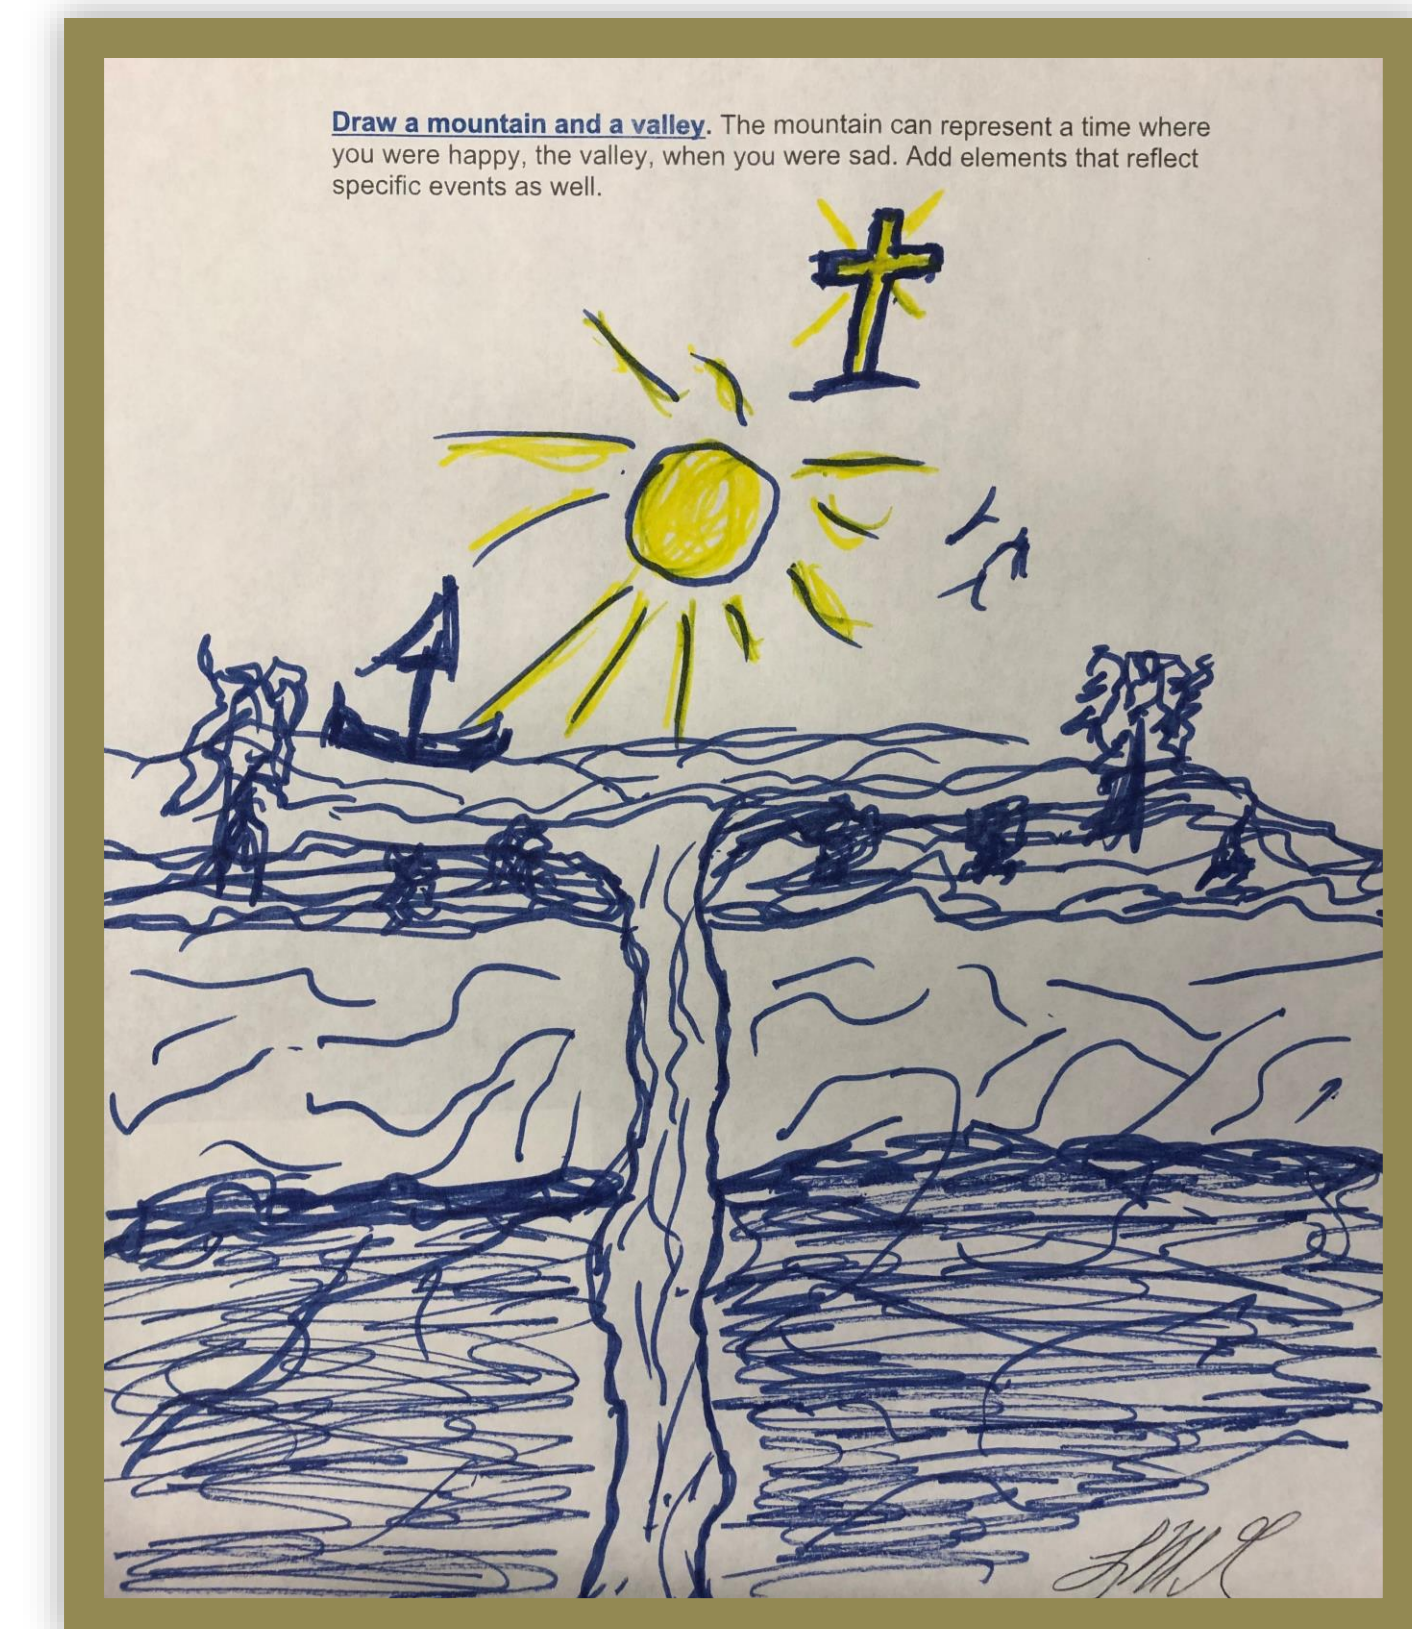

Archibald Rutledge Apartments

~100 residents in a Spartanburg Housing Authority's location for seniors and individuals with disabilities.

There are ~8 participants each week.

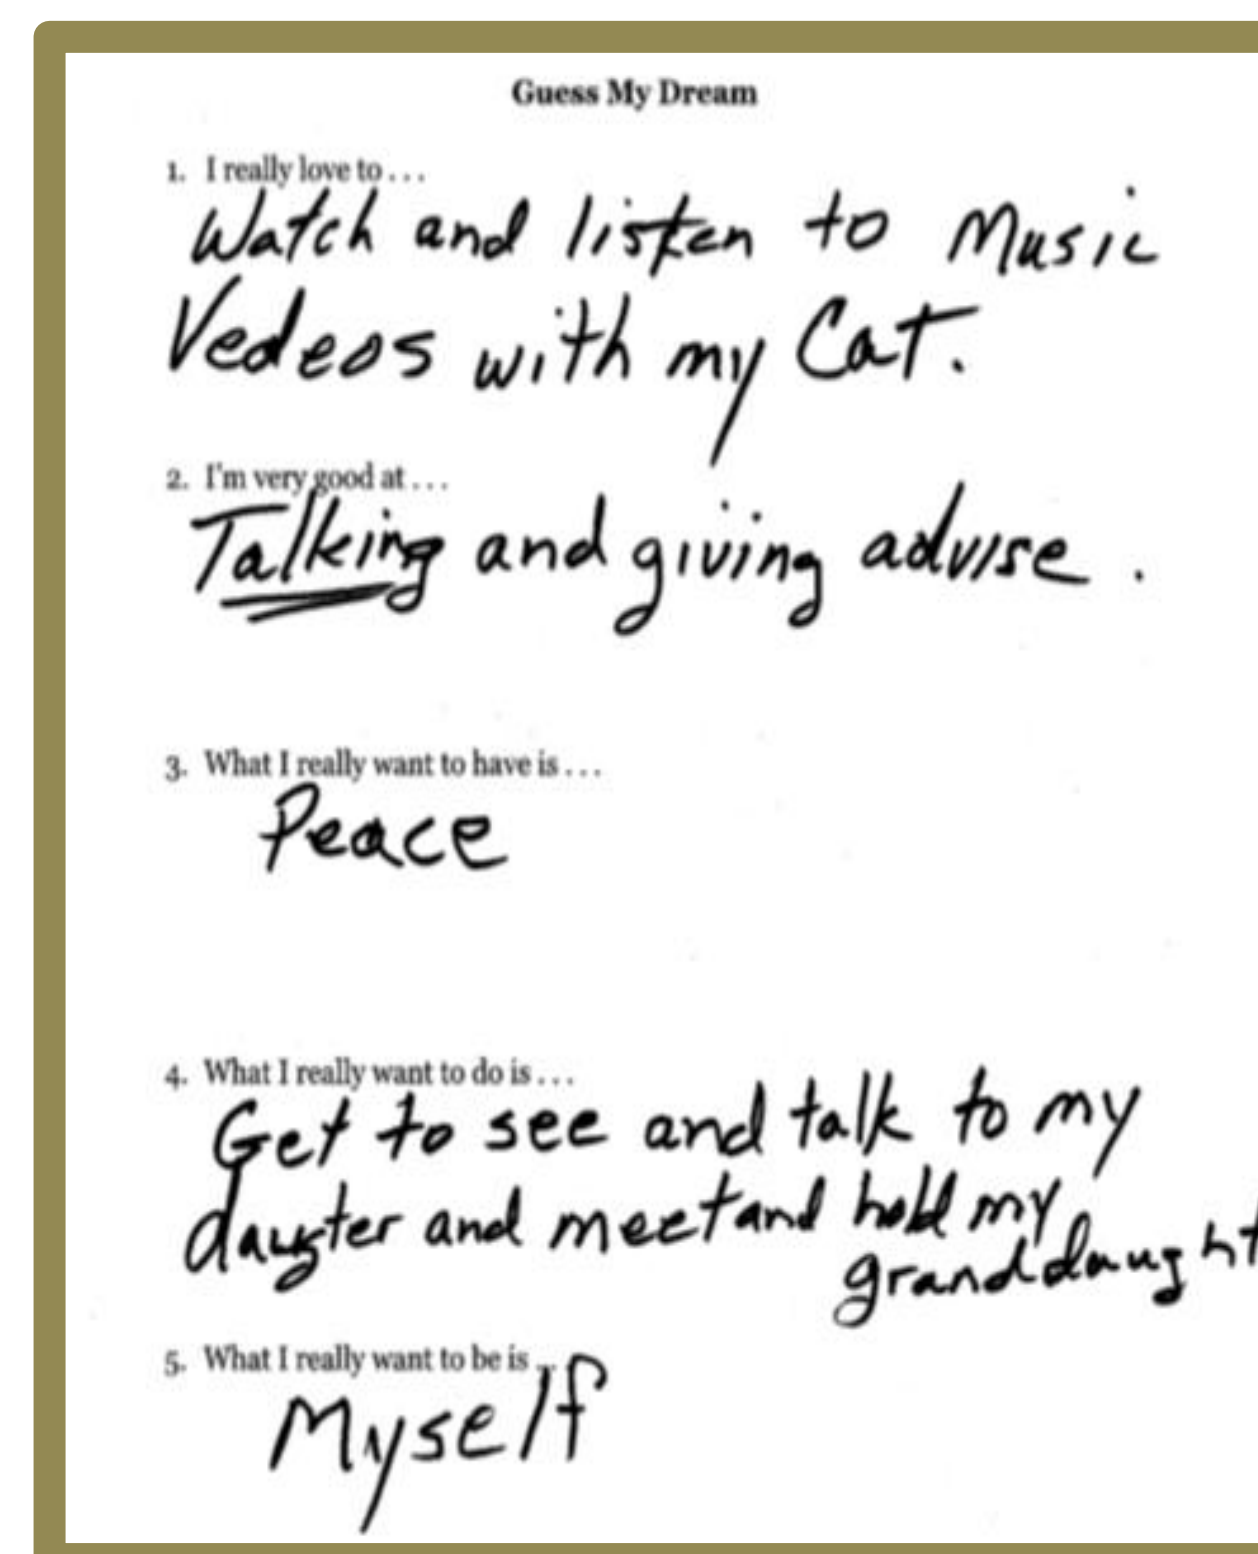

Left:
"Nine Dot Problem"
Participants challenged to think creatively and connect the dots using only 4 lines

Right:
"Mountains & Valleys"
Participants gave their interpretation of their personal highs and lows in life and created artwork based on their experiences.

Above & Left:
"Connect the dots"
Participants worked together to complete a connect the dots problem. One person closed their eyes while partner guided them through dots!

Left:
"Guess my dream"
Description of personal future aspirations.
